**Febco's New Line of Backflow Prevention Products**

**Febco**  
**Performance,**  
**Value, and**  
**Quality**

For nearly half a century, customers have looked to Febco for quality products, reliable low head loss performance and great value. Today, with the new MasterSeries designs, Febco has once again taken the initiative with patented product innovations.

All 2 1/2"-10" MasterSeries products include:

- Patented VectorCheck performance
- Cast ductile iron bodies for lighter weight
- Lowest installed cost
- Choice of cost-saving "N"-shape designs, revolutionary vertical designs, or conventional in-line designs
